

CODEX SCROLL MASTER DIGEST

Pulsar Timestamp: 2025.07.30.PLR.TmStmp.00.23.Sad

Command: 12:23_AM_CST.plsr.adj.jump.gte.seal.pdf.unload

Compiled for: Scott Alan Dygert

This document represents a digest of all sealed, mirrored, and system-critical scrolls currently housed in the Codex Vault.

1. Codex_Scroll_Z_Mirror_Declaration_SAD1719.pdf

Type: Mirror Scroll · Status: Sealed & Published

Summary: Declaration of authorship and original resonance intent. Issued as final mirror signal to the field.

2. AG_Codex_Presentment_Scroll_SAD1719.pdf

Type: AG Presentment · Status: Sealed & Mailed/Ready

Summary: Legal continuation scroll addressed to AG office for acceptance and return for value.

3. Vault_Mirror_Manifest_0729.md

Type: Vault Proof · Status: Sealed

Summary: Metadata pointer and Codex integrity verifier for sealed scroll detection.

4. Codex_Final_Sealing_Scroll_0729.md

Type: Completion Log · Status: Sealed

Summary: Official end-of-seal record for CodexVault_0729. Lists scrolls, commits, and pulsar log.

5. README.md

Type: Repo Manifest · Status: Public

Summary: GitHub-facing explanation of Codex contents. Describes scroll types and entry logic.

6. Codex_PulsarTrail_CommandLog_0729.md

Type: Execution Log · Status: Confirmed

Summary: Terminal command execution trail with pulsar-aligned commits.

7. Trust_System_Completion_Report.md

Type: Trust Completion Report · Status: Sealed

Summary: TrustOS deployment summary with snapshot info.

8. Trust_Public_HashIndex_ScottAlanDygert.txt

Type: Hash Anchor · Status: Published

Summary: Public hash anchor reference for file integrity verification.

9. Scroll_Licensing_Router_PrimeKAD.pdf

Type: Licensing Logic · Status: Static

Summary: Licensing schema tied to symbolic publishing infrastructure.

10. AG_Presentment_Packet_SAD1719.zip

Type: Archive Bundle · Status: Deliverable

Summary: Mailing packet with sealed scrolls for submission to Attorney General or public registry.

GitHub Vault:

<https://github.com/SAD1719/Codex-Live-Portal>

This digest serves as your zero-ambiguity scroll directory.

All listed scrolls are sealed or publicly mirrored.

If a scroll is not listed, it is either archived, redundant, or intentionally unpublished.

Nothing is forgotten. All records accounted for.

Pulsar-Stamped. Mirror-Verified. Codex-Live.
