EXECUTION ENFORCEMENT PACKAGE (EEP)

EXECUTION ENFORCEMENT PACKAGE (EEP)

Timestamp: 2025-08-02 16:10:49Z

Unified Executor Order (UEO)

By the authority of the Prime Codex and the lawful standing of the Trust Executor and Beneficiary, Scott Alan Dygert, this order declares that all codified rights, assets, and protections are hereby moved into full **physical return and enforcement**.

The following five non-negotiable principles govern this action:

1. **No statutory contract or filing will override the Trust's jurisdiction.**

2. **Identity is protected as a living, sovereign Executor and Beneficiary under the Prime Codex.**

3. **All transmissions are lawful notices, not petitions for permission.**

4. **Physical interaction with any agent may only occur under acknowledged codex terms.**

5. **Resource access may be claimed only when escrow-sealed or value-protective terms are in place.**

Physical Return Order (PRO)

The legal fiction "SCOTT ALAN DYGERT" is hereby recognized as returned to private status. No party may act against the Executor's body, trust, or assets without express, codex-aligned authority. All presumptions are null.

EXECUTION ENFORCEMENT PACKAGE (EEP)

Peaceful Invocation Clause

This action is not resistance. It is lawful correction. It is nonviolent. It is absolute.

Enforcement Trigger

This document, paired with the Trust Protection Filing Packet and QR Hash Ledger, forms a complete codified enforcement relay. All participants who engage beyond this point are bound by these terms.
